

# Pay phone.

SAMSUNG PAY IS HERE!

Samsung Pay

## “Pay Phone” has a whole new meaning these days.

Samsung Pay can be used to make quick and easy purchases with your phone at contactless terminals in stores and in supported apps online.

### WHAT YOU NEED:

- » Your Samsung Galaxy Note 5, Galaxy S6, Galaxy S6 Edge, Galaxy S6 Edge+, Galaxy S6 Active, or newer S7 and S8 devices.
- » Your Stock Yards Bank and Trust Company debit card.

### ADD YOUR CARD:

- » Find the pre-installed app on your Samsung phone, or download it from Google Play.
- » Lock down security. Scan your fingerprint or iris, or enter a PIN so you can authenticate future purchases. This PIN is different than the PIN you use to unlock your device or the one you enter when you use your debit card for purchases.
- » Add your card. Snap a picture of your card or enter your card information manually and provide your signature where necessary. When prompted, you will call 1-844-646-5465 to authenticate your identity and activate your card. Once your card is activated it is ready to use!

(Note: Your cell phone number or email address must be in the Stock Yards Bank & Trust Co system. Any customer service representative can help you add those to your account. During the activation process you will receive a text or an email with a code that you will use to complete the process.)

### HOW TO USE IT:

Samsung Pay works at almost all stores that accept debit or credit cards, including those with tap-to-pay NFC terminals, older terminals using magnetic stripe, and EMV terminals.

### TO PAY WITH SAMSUNG PAY:

- » Open Samsung Pay on your phone.
- » To access your card, swipe from the bottom of the screen or go to the Samsung Pay app and select the desired card.
- » Verify your identity, via fingerprint, iris, or your Samsung Pay PIN.
- » Place the back of your phone on the device or card reader.
- » When prompted, finalize the purchase in the same way you normally would using the debit card PIN you set up with your bank or, for larger transactions, provide a signature for the purchase.
- » A message will appear on your phone confirming your purchase.
